

Dan Ramírez Barrantes

San Pedro, Costa Rica • [Portfolio](#) • +506 8761 8832 • danram20714@gmail.com

Over two years of experience as a Software Developer. I have participated in freelance and university projects for various sectors, including fashion and healthcare. I utilize modern technologies such as React, NodeJS, Figma, Shopify, Spring Boot, and Java. Additionally, I have over four years of experience as an IT Support Specialist and graphic designer.

PROFESSIONAL EXPERIENCE

Concentrix

Advisor I - Blended Support

San José, Costa Rica

April 2025 – December 2025

- Performed various customer service activities for one of the largest investment banks in the United States, entirely in English. This involved handling inquiries via phone calls and chats, and utilizing internal tools such as Amazon Connect, LivePerson, and OKTA.
- Conducted workshops for staff on product information to improve service quality, led by teams of people.

Estudio Danta

Full Stack Developer - UI/UX Designer - Freelance

San José, Costa Rica

2022 – 2025

- Worked as a freelance full-stack developer for a digital web services startup, collaborating closely with senior developers to develop and implement applications related to the fashion (eCommerce) and healthcare (clinic management) sectors. My technologies included Figma, React, Node.js, MongoDB, PostgreSQL, Shopify, and PrestaShop.

IT Support Specialist

IT Support Specialist as a Freelance.

San José, Costa Rica

2020 – 2024

- Administration of Windows Server and Linux environments: Ubuntu/Debian server setup, permissions, services, SSH and shell scripting. Virtualization, backup & storage, vulnerability management and mitigation, networking, and optimization of hardware and operating systems such as Windows, macOS, and Linux.
